EXPERT WITNESS,
CONSULTANT & LEGAL SERVICES DIRECTORY

Supplement to Louisiana Bar Journal
U.S. Forensic, L.L.C. is an employee owned forensic engineering firm offering forensic engineering evaluation, opinions, reporting and expert witness testimony. We currently maintain offices throughout the southeastern United States with technical expertise including mechanical engineering, civil engineering, structural engineering, electrical engineering, environmental / indoor air quality (Certified Industrial Hygienist) services, vehicle accident reconstruction and fire cause and origin investigation.

U.S. Forensic specializes in forensic engineering with an emphasis on determination of cause and origin of loss and extent of damages. Since forming in 2006, U.S. Forensic has performed thousands of inspections of various equipment, vehicles, facilities, homes and businesses damaged by storm, fire, third parties, improper design, construction, improper maintenance or misuse.

Primarily we focus on determining the cause and extent of damage, offering oral and written reports of findings along with repair recommendations, diagrams, schedules and costs when requested. When needed, we have testified as expert witnesses in our respective disciplines in local, state and federal courts.

Our Professional Services will be performed in a fair, honest and objective fashion consistent with industry standards. All opinions rendered will be based on the facts of the specific assignment and all work to complete an assignment will be performed under the rules and regulations of the authoritative engineering board of the state in which the evaluation is being conducted. The U.S. Forensic customer service goal is to provide a high quality, accurate and unbiased technical consulting service delivered in a cost effective and timely manner.

Fastcase Available Free to Active LSBA Members!

The Louisiana State Bar Association offers Fastcase, a Web-based legal research program, to all of its active members, free of charge. The program provides online access to millions of cases, statutes and regulations via the American Law Library.

Users can search all jurisdictions at one time, resulting in the most often cited references from the database. Inquiries can be made using keywords, Boolean phrases and citations. Fastcase also features dual-column printing and hyperlinked citations.

Fastcase is the premier American provider of online legal research. The company’s patent pending research software helps busy legal professionals sort through the clutter, ranking the best cases and statutes first, and enabling users to re-sort search results to find answers fast. Fastcase puts the whole law library on the desktop — at a fraction of the cost of existing alternatives.

Fastcase is an American company based in Washington, D.C., and founded in 1999. It was built by lawyers and for lawyers, with the input of professionals in legal research, library science and law. Fastcase’s mission is to make better research available to more people through innovation, value and choice.

Experience Fastcase Research Help Today!

Go to [www.lsba.org](http://www.lsba.org) and enter the “Members Log-in” area with your Bar ID number and self-created password and click “go directly to Fastcase.”
Our team of professionals are prepared to offer assistance and testimony in areas such as:

- Fraud and forensic investigation
- Business valuations
- Financial damage analysis
- Claims settlement administration
- Lost profits and income projections
- Personal injury claims
- Marital property settlements
- Bankruptcy matters
- Business insurance claims

After over 25 years of handling hundreds of cases, we know that even the best attorneys need professional assistance in addressing and presenting complex accounting, financial and business issues. In fact, a qualified litigation consulting on your team can mean the difference between winning and losing a case. Let us improve your odds.
