U.S. Forensic

Engineering • Inspection • Failure Analysis

Civil/Structural • Automotive • Equipment • Environmental/IAQ • Fire and Electrical • Flood • Catastrophe • Marine

U.S. Forensic, L.L.C. is an employee owned forensic engineering firm offering forensic engineering evaluation, opinions, reporting and expert witness testimony. We currently maintain offices throughout the southeastern United States with technical expertise including mechanical engineering, civil engineering, structural engineering, electrical engineering, environmental / indoor air quality (Certified Industrial Hygienist) services, vehicle accident reconstruction and fire cause and origin investigation.

Primarily we focus on determining the cause and extent of damage, offering oral and written reports of findings along with repair recommendations, diagrams, schedules and costs when requested. When needed, we have testified as expert witnesses in our respective disciplines in local, state and federal courts.

Our Professional Services will be performed in a fair, honest and objective fashion consistent with industry standards. All opinions rendered will be based on the facts of the specific assignment and all work to complete an assignment will be performed under the rules and regulations of the authoritative engineering board of the state in which the evaluation is being conducted. The U.S. Forensic customer service goal is to provide a high quality, accurate and unbiased technical consulting service delivered in a cost effective and timely manner.

Construction Expert Witness Forensics – Building Science

We are experienced and credentialed to serve the legal industry.

Neal Johnson, AIA is licensed in five states as a registered architect whose career spans 35 years in the A/E/C industry.

Jerry Householder, Ph.D., P.E. is a retired Distinguished Professor from Louisiana State University who has designed and/or built over a billion dollars' worth of constructed facilities. He has authored eight books and over 20 publications in the building industry.

Construction litigation relies on thorough document review, expert investigation, reliable analysis and trusted testimony. We provide both plaintiff and defense attorneys with professional litigation and remediation services that include:

- Contract Compliance Review
- Standard of Care Evaluation
- Roofing & Building Envelope Investigation
- Construction Defect & Damage Mapping
- Final Repair Evaluation Reports
- Delay Claim & Schedule Analysis
- Constructability & Cost Analysis
- Expert Witness Services
- Exhibit Preparation (Visuals, PowerPoint, and Construction Mockups)

For all your contract, litigation and building science questions, contact us at 225.324.5848 or neal@audubontesting.com
